

El Círculo Red is made from selected Tempranillo grapes – the most prestigious variety in the Rioja. The region is influenced by the Atlantic, which along with our careful winemaking, produces a complex, sweet and full bodied wine with floral aromas and black berry flavours.

REGION
Spain's most famous wine region is renowned for creating top quality wines with exceptional ageing ability. It lies in northern Spain, along the River Ebro from which the region's name derived. Elegance and poise is the hallmark of wines made here. Rioja's different soil types together with the use of modern and traditional growing practices allow winemakers to produce a wide range of wines with different personalities, although always within the framework of the Denominación de Origen Calificada (D.O.C.) regulations.

TASTING NOTES
This wine is bright with a deep ruby red colour and youthful purple tones. The bouquet has intense aromas of red berry fruits. Pleasingly fresh, the palate is long, rounded and well balanced. The finish is long with hints of black berries.

FOOD PAIRING
A perfect accompaniment to Caesar salads, pasta dishes, rice dishes or chicken dishes.

ALCOHOL CONTENT
13°

BEST SERVED
At 15° C

TECHNICAL INFORMATION
The grapes are carefully selected and lightly crushed and cooled to allow for a period of maceration (48-72 hours) where the juice and the skins are in contact. Fermentation then begins and the must is held at a controlled temperature between 21-23 °C.

ABOUT THIS WINE
"El Círculo 2008: This juicy red offers lively, grapey flavours, with leafy and vanilla notes, over light tannins. Fresh and affable.."
