Premium Blend the guv'nor Rosé

A very attractive rosé wine with pale tones and its own distinctive personality. The versatile Garnacha grape contributes to the aromatic richness, fixing the final colour and tonality as well as giving a fantastic creaminess to the palate. This type of grape, so typical of quality Spanish rosé wines, provides freshness and aroma, while the Tempranillo contributes to the final balance, giving a long and persistent mid-palate.

Technical Information

This wine is made from Garnacha and Tempranillo grape varieties. These are carefully monitored to ensure perfect maturity while limiting the concentration of anthocyanins in order to obtain a pale coloured Rosé. This also allows for juices with good acidity and freshness, perfect for this wine style. Each variety is treated separately, with a limited maceration of just 2-3 hours, followed by very soft pressing and static draining to obtain very clean musts. The fermentations take place at very low temperatures, similar to white wines, at around 12-14°C, with extended lees contact for 3-4 months before assembly and bottling.
