Condesa de la Sierra Crianza

Condesa de la Sierra Crianza is made exclusively from the Tempranillo grape variety. The grapes are carefully handpicked from small production vineyards with vines over 80 years-old. The result is a superb wine with ripe, red fruit aromas and hints of spices.

Technical Information

The grapes are carefully selected and handpicked before they are put through a 10-day maceration process. The fermentation process is undertaken at a controlled temperature (25-28 °C) for 8-12 days. Finally the wine is ageing for 12 months in American oak barrels, before resting quietly in bottles to ensure complete maturity.
