

Kingpin White

South Africa – Western Cape

Kingpin White

The Kingpin governs his realm with an absolute authority. Drawn from the shadows by the seductive charms of a well-chosen wine, a relaxed bearing belies his formidable power. In this wine the Kingpin meets his match: a richly fruited smooth red with oodles of luscious dark berry flavours and just a touch of oaky vanilla.

Region

South Africa is becoming one of the most interesting wine growing areas in the world and especially with wines made from Sauvignon Blanc. Most of the vineyards of this variety are located in the western part of the country, known as 'Western Cape'. Its location is perfectly suited to growing high quality Sauvignon Blanc grapes, providing the ideal combination of growing areas from the milder coast to the colder climate mountainous areas. These conditions give rise to wines of excellent quality, pleasantly aromatic with an intense and expressive flavour.

VARIETY

Verdejo, Sauvignon blanc and Chardonnay.

STYLE

Still wine

ALCOHOL GRADUATION

12,5%

SERVING TEMPERATURE

Serve between 6-8 ° C

Tasting Notes

Bright and straw coloured with greenish tints. Complex and subtle on the nose, there are peach and apricot aromas with hints of citrus and smokiness. Rich and mouth-filling in style, with moreish tropical fruit flavours, nuanced vanilla and nicely balanced acidity.

Food Pairing

Ideal as an aperitif but also goes well pasta, paella and all sorts of tapas, especially grilled fish, smoked hams and cheeses.

Technical Information

The goal was to create a distinctive style of wine by harnessing the qualities of three different but complementary grape varieties from several notable winegrowing regions in Spain. Fermentations take place in stainless steel tanks over 20-25 days at maximum temperatures of 15°C. Once the vinification process is complete, the wine is left on its lees at low temperature for 2-3 months to develop secondary flavour characteristics. In the case of Chardonnay, the wine remains in French oak barrels for 3 months, with batonnage (stirring the lees) occurring several times a week.
