## Marqués de Atillo White

Marques de Atillo white is made from the Spanish traditional grape variety known as Macabeo in most of Spain and as Viura in Rioja, where it is by far the most commonly grown white wine grape. Our experienced oenologist team has created a wine that preserves the grape's natural aromatic freshness.

### Region

Spain's most internationally famous wine region is renowned for creating top quality wines with exceptional ageing ability. It lies in northern Spain, by the side of the River Ebro from which the region's name derived. Elegance and poise is the hallmark of the wines shaped in this ancient region. The variety of its soils, together with the combination of modern and traditional growing practices allow winemakers to produce a wide range of wines that exhibit different personalities, always within the framework that their long-established Qualified Denominación de Origen demands from them.
