Peñasol is one of the most emblematic brands of Félix Solís. It is present in the international market and fulfils the company's aim of offering quality wines at an accessible price for everyone.

### Region

The largest vineyard in the world is located on the central plateau of the Iberian Peninsula. Varietal wines are made with one type of grape. Airen and Tempranillo are the most characteristic grapes from this area, while other non-native grape varieties such as Cabernet Sauvignon, Syrah, Merlot, Viura, Sauvignon Blanc and Chardonnay have excellent results due to the climate and terrain in this region.

### Technical Information

Grapes are picked at their optimum ripeness level to obtain a well-balanced wine with just the right levels of sweetness and acidity. The wine undergoes a short period of cold maceration of around 6 hours. This is followed by the must fermentation at 18 °C in stainless steel tanks for an average period of 10 days. Finally, the wine completes a short ageing period on lees for around two months.
