

Varietal Wine

Peñasol Medium Sweet White

This wine is produced from the indigenous Airen variety. A pleasing fruity wine with notes of freshly mowed grass is obtained.

Region

The largest vineyard in the world is located on the central plateau of the Iberian Peninsula. Varietal wines are made with one type of grape. Airen and Tempranillo are the most characteristic grapes from this area, while other non-native grape varieties such as Cabernet Sauvignon, Syrah, Merlot, Viura, Sauvignon Blanc and Chardonnay have excellent results due to the climate and terrain in this region.
