

Varietal Wine

Peñasol Red Slim

Peñasol Red Slim takes its name from the place where it has been elaborated: the sunny Valley of the Rocks, the ancient name of Valdepeñas, by the river Jabalon's banks. The wine is made from Tempranillo, the indigenous grape from Castilla-La Mancha.

Region

The largest vineyard in the world is located on the central plateau of the Iberian Peninsula. Varietal wines are made with one type of grape. Airen and Tempranillo are the most characteristic grapes from this area, while other non-native grape varieties such as Cabernet Sauvignon, Syrah, Merlot, Viura, Sauvignon Blanc and Chardonnay have excellent results due to the climate and terrain in this region.
