Varietal Wine

Peñasol White Semi Sweet Slim

Peñasol White Semi Sweet Slim is made from Airen grapes, the most widely cultivated grape in the world for its resistance to heat and poor soils. Airen is the autochthonous grape from Castilla-La Mancha.

Region

The largest vineyard in the world is located on the central plateau of the Iberian Peninsula. Varietal wines are made with one type of grape. Airen and Tempranillo are the most characteristic grapes from this area, while other non-native grape varieties sucha as Cabernet Sauvignon, Syrah, Merlot, Viura, Sauvignon Blanc and Chardonnay have excellent results due to the climate and terrain in this region.
