

Varietal Wine

Peñasol Airen

Airen grapes mature to their best under the sun and the chilly nights in “Valley of the Rocks” (Valle de las Peñas).

Region

The largest vineyard in the world is located on the central plateau of the Iberian Peninsula. Varietal wines are made with one type of grape. Airen and Tempranillo are the most characteristic grapes from this area, while other non-native grape varieties sucha as Cabernet Sauvignon, Syrah, Merlot, Viura, Sauvignon Blanc and Chardonnay have excellent results due to the climate and terrain in this region.
